LISTS OF CONDOMINIUM CORPORATIONS IN OTTAWA-CARLETON

MARCH 1989

This is a list of the 464 condominium corporations in Ottawa-Carleton. These corporations are created under provincial legislation which calls for them to be run by a board of directors elected by the owners of the various units. For the most part, these units are residential - though increasing numbers of newer ones are commercial, industrial, office condominiums, or some combination. And for most of the residential condominiums, the owners are also residents of the units, although some operate as rental housing with the units owned by investors.

In condominiums, each owner has exclusive ownership of his unit (from the inside of each exterior wall) but shares in the ownership of the "common elements", such as parking lots, recreation areas, and of course the basic building structure. Each owner must pay monthly fees to the corporation which are used for water service (units do not have individual meters), snow clearance and landscaping, building insurance and upkeep, and costs associated with the management.

Condominiums, although functioning primarily as property managers, also play the role of a property owners association, concerned with similar issues similar to any neighbourhood-based or merchants association. It was in an attempt to reach these types of associations that the Planning Department of the Regional Municipality first started this list in 1985. Until now it has been available only as a photocopy of a dot-matrixed microcomputer print-out. However, the list's notoriety has increased and demand for it has justified a better quality output. The availability of desktop publishing also has contributed to making this present list possible.

The list provides the most useful information on each corporation:

Number

The number for each condominium in Ontario is established sequentially by county. This means that most condominiums in Ottawa-Carleton are registered in Carleton County and are known as "Carleton County Condominiums" or CCCs, for short. The nine condominiums in the Township of Cumberland (all in the Orleans area) are known as RCCs or Russell County Condominiums, since Cumberland was origianlly part of the County of Russell (land registry records in Ontario retain this historical anachronism). The latter condominiums are found at the end of the list with the prefix "100", (e.g., #1009 is RCC9).

Popular Name

Most condominiums have a name by which it is also known. This name is usually the name the builder gives it to market it to buyers when it is originally built. If you know the popular name of a condominium that does not have one in our list, please let us know about it.

Mailing Address

This is the mailing address of the corporation, not necessarily the address of the condominium. Very often this address is that of the management company - for those condominiums that have chosen to hire one - who passes information on to the board of driectors. The address is used by us to mail our newsletter, *in process*, almost every month by first class mail. When mail is returned by the post office, we immediately find the correct address.

Management

This field is reserved for the identity of the manager of the condominium. Is it is "self-managed", this field is usually left empty. For most, the manager is a management company.

Phone

This is always a workday phone number.

GCode

This is a reference to the municipality and, for the larger municipalities, the ward within the municipality. See table on next page.

Nearest Intersection

This is a more specific reference to the location of the condominium than GCode. Where the street name is used in the popular name, the reference here will be only to the intersecting street (e.g. If the title is "Greenbank Court" and is on Greenbank Road, the reference here would be, "at Baseline").

Update

We include an UPDATE field that refers to the latest date (YYMMDD format) we confirmed the information. When the DD section is missing, it refers to the fact that we used a secondary source to confirm the information.

G-CODES

CU	Cumberland, Township of
GL	Gloucester, City of (by Ward)
